Bogen formidler for første gang til udenlandske læsere den væsentlige del af vor kulturarv, som herregårdene udgør. Det er en coffee-table bog med faglig substans, skrevet af eksperter på området og oversat til et levende engelsk. Pragtfulde fotografier giver enestående indblik i herregårdens univers. Som noget helt nyt indeholder bogen for første gang en fortegnelse over de ikke færre end 134 herregårde, der i større eller mindre omfang kan besøges.
