Første bind i serien om Anna og Sara, der er vilde med One Direction. Om gode og dårlige veninder, forældre, der ingenting forstår, og om at leve og dø for Harry og Niall. Da 11-årige Anna hører, at 1D skal spille i Parken til sommer, ved hun bare, at hun skal med til den koncert. Men billetterne er dyre, og i øvrigt synes hendes forældre, at hun er for lille til at tage afsted alene. Da hendes mor vinder to VIP-billetter til koncerten med mulighed for at møde drengene bagefter, burde Annas lykke derfor være gjort. Men hvem skal hun tage med, når nu hun ikke længere er bedste-veninde med Sara? Og hvordan skal hun få sagt til sin mor, at hun faktisk allerede har købt en billet – med hendes Dankort ...

»Tonerne omfavnede Anna. De tordnede mod hendes ører. Hun så sig omkring i mængden. Pigerne rundt om hende hvinede og skreg. Hun var på Wembley Stadion, og koncerten med One Direction var i fuld gang. Med ét stod hun på scenen, og Harry var lige ved siden af hende ...« - Citat fra bogen Pressen skriver: »Det er en fremragende og troværdig skildring af et pigeliv i et genkendeligt miljø.

Det er herligt med sådanne bøger, der kan give mellemtrinselever (og det er nok mest pigerne her!) læsetræning samtidig med, at de spejler sig selv og deres egne konflikter. « – Bodil Christensen, Bogbotten.

dk »En letlæst bog for piger om at være passioneret fan af et boy band og en fin historie om veninder og pigeskærmydsler.« – Bodil Hejlsvig, Dagbladet Ringkøbing-Skjern, 23. november 2015
